

## Testimonies From PBC 2017

I've been a born again christian for approximately 35 years. My spiritual life had taken a 'hit' so to speak for a number of years now. Your PBC class re-awakened my spirit to what was still possible. I thought my spiritual experiences were in the past. I was wrong. I still have some territory to take, and look forward to Holy Spirit helping me through more of the things I need to get rid of, or include back into my spiritual life and for even more growth. I've enjoyed the classes greatly and pray that I can take what I've received and use it for God's glory! Many thanks and blessings to Trese for her commitment to the ministry and all the students in her classes. **Leslie**

I would say that the first thing that comes to mind is the total sense of freedom that I felt building with each week. It was truly wonderful to be able to feel so safe and free to do whatever Holy Spirit moved us to do. Your book really helped me to understand so much more of the prophetic than from others I have read. I believe your personal stories helped to break down any barriers we may have had. Not to mention your actual teaching. I learned and took to heart such things as discipline, which I knew I needed, but that little nudge did it for me. I am much more circumspect about what I'm thinking, and that my heart stays up and not under in negativity. Helping me to ask God to set a watch over my mouth and guard the door of my lips. I have a much better sense of what prophecy is, and is not. I'm trying to work on delivery, when I feel I receive something. But it will always be to build up, encourage and comfort. I've learned to be more aware, when someone speaks over me as well. Trese, I don't know how you packed it all in, but you did, and it was done with such grace, firmness and you are funny!!! I am so very glad I that I yielded to God and took the class. I truly didn't realize that God had me where He wanted me. I thought I decided to take the class. But I soon learned He put me with the person I needed to learn from. **Sharon M.**

Thinking of how the last couple months at your PBC classes have really opened my eyes and heart to a whole new world in the prophetic. Although, I've spoken words over people in the past while praying for them, the class just really made a lot of things more clearly for me. I love the book; will read it again and take it all in again. I love the class, because it does feel like a place of safety as you are there to train us as we slowly take everything in and get a chance to branch out into this new area for us working with us as a safety net to help us as we branch out. I love to see how you minister the freedom that you walk in and really that you know and are so happy to be in your calling and are so sensitive to the sound of the fathers voice; love it! It's really been a life changer for me I don't think I fully know right now how much but I'm so glad I attended. Thanks so much for giving so much of yourself ! **Sharon S.**

I've come a long way since the beginning of this class. From skipping the very first class because of fearing the unknown. To now looking forward to class each week, because each week I know that I'm becoming more mature. There is so much that I've learned from this training. One of the major things that I'm taking away from this is that delivery of the message is just as important as the message itself. I'll always remember that! **Maddy**

This truly has been one of the best classes I have ever taken. The inspiration and spiritual uplift that has taken over my life has been unprecedented. I never could have imagined how equally yoke my wife and I are and have become, through taking this class together. My eyes have been open to see the beautiful visions that our Father has blessed me with, my ears have been opened to hear his words, my mouth have been opened to speak the knowledge that he has bestowed upon me, and my heart has been open to receive the most wonderful gift of all his Holy Spirit. What a wonderful journey this has been a total life changer, from a timid man, to singing a song that he blessed me with in front of my brothers and sister in Christ . Can't Waite to see what he has in store for my family and I in the years to come . A truly unforgettable experience for me and my family.... **Luis R. Sr.**

First of all, what a pleasure...Training is so important, something I've desired for years. From the age of eighteen I've come to know about and desired the prophetic and to be trained in this area. Everything this class had to offer has confirmed all God has placed in me. And being around like minds has enhanced my desire even more to walk out my destiny with a better understanding. You asked me before the class started if I knew that I had a prophetic gift and I answered, "yes". But what I needed was to be stretched beyond what I knew within myself and to be enlightened in more of what God knew I needed; guidance. You've done that! Thank you for being obedient to hear from the Lord. Forever grateful! **Joselyn**

My testimony for being in Power Boot Camp has been nothing less than an extraordinary Holy Spirit experience that has given me a new found love and fire for seeing the Lord's people with different eyes. It has encouraged me to develop a MUCH deeper relationship with the Holy Spirit. I must add that I have been able to truly trust for the first time in a long time. **Narcisa**

I learned how to listen and hear from HOLY SPIRIT- how to not doubt myself so much- I've acquired a greater understanding of the deeper meanings and ways of GOD! **Tammy**

## **Testimonies from PBC 7 2016**

I was not expecting to be in a Prophetic class , I simply thought it was bible study.

The first 2 classes , I prayed and ask the Lord "Is this really for me, I'm not a prophet ".

After the 3rd class I started to hear clearly and I knew it was the season to move into the new things God is wanting to do.

I was keeping God in a box. I was looking at my circumstances basically - my mess and thought, God can't bless a mess, but the moment Prophetess Trese laid her hands on me & prayed for a sound mind, instantly something had broken! The fear was lifted off of my life. I could feel the Holy Spirit fresh & ALIVE in me. Everything that was taught & spoken to & in me was awoken! God the Father, Jesus Christ, Holy Spirit was renewed and boldness was restored! I feel so joyful, I feel light as a feather, the heaviness has been lifted. PBC was God's plan to release new fire in my life.

I was blessed by PBC-7 by the following ways:

- 1) I'm more sensitive to the Holy Spirit in hearing & seeing from the Lord-praise & glory to God!
- 2) I've seen on 2 different & separate occasions of a person being baptized w/the spirit of laughter & joy! I've always wanted to be able to experience that & by the grace of God on one of our sessions, teacher Trese, her assistant & myself (we were in a prayer circle) we all got to experience it! That spirit of joy & laughter lasted me for approximately five days before it finally wore off! It was awesome & the best feeling ever!!!
- 3) I've also been delivered from not being able to sleep. I'd be wakened every other hour for some reason or another & barely get a good night sleep. Praise & glory to God, Trese anointed me & prayed over me & from that moment on I've been delivered, hallelujah!! Now I sleep through the night & it's been several years since I've been able to do so.
- 4) My husband also stated that he saw a big change in me. He sees that I'm slow to anger, barely get mad. Things that use to aggravate me & annoy me doesn't anymore. I'm more loving, affectionate & understanding, my husband says & he can see how much I'm at peace & he sees the glow in me!

I told him I find myself falling more in love with the Lord & also with my husband & family too & didn't think that was possible (to love them any more than I did) that's a blessing for sure!!! I recommend this class to anyone & everyone & will most likely take it again.

I sit here and wonder what is my true testimony? I can start off by saying my time in this boot camp has been one of the best strengthening's of my walk with christ. I learned what it truly was to enter into his kingdom through worship.

I always heard following christ might just cost you everything, but never truly knew what that meant as of a couple weeks ago. I learned walking in God's fullness you have to leave some people behind, for they aren't ready to reach the places God calls you to. People that only hinder your calling have to go.

A week before easter Sunday I was asking god why do i feel stuck and why can't i reach your fullness? I show up to church that Sunday morning to hear my pastor saying God is calling those who are just tired were they are at. All i heard the lord say was trust me. I got up and said God i'm ready. Never knowing what that meant really meant to trust God, no matter what. i chose to step over into his fullness and I learned what it was to totally trust him, knowing it cost everything. Now I can stand before you with peace in my heart knowing i have to trust him, for the enemy is on an assignment to totally knock me out. But i truly can say I learned all of this from taking Trese's class and listening to the holy spirit and praying with my spiritual language. So thank you all for depositing something into my life and listening to the holy spirit.
